About TRAXX

TRAXX Printer Ltd. brings together over 30 years of stamping and manufacturing experience.

Our market extends world wide with distributors in Europe, North America, South America, Middle East, Africa and Asia.

As a young company in this industry, we pride ourselves in offering our customers the highest quality products possible at competitive prices.

We offer a wide range of stamps to cover most of your stamping needs and are constantly developing new products while regularly updating our existing lines.

For peace of mind we offer our customers a lifetime guarantee against any manufacturing defects on all of our products.

TRAXX Printer looks forward to serving your stamping needs.

Please contact your local Distributor, Rubber Stamp Manufacturer or Stationer.

An environmentally friendly company.

TRAXX WORLDWIDE — A WORLD OF IMPRESSIONS

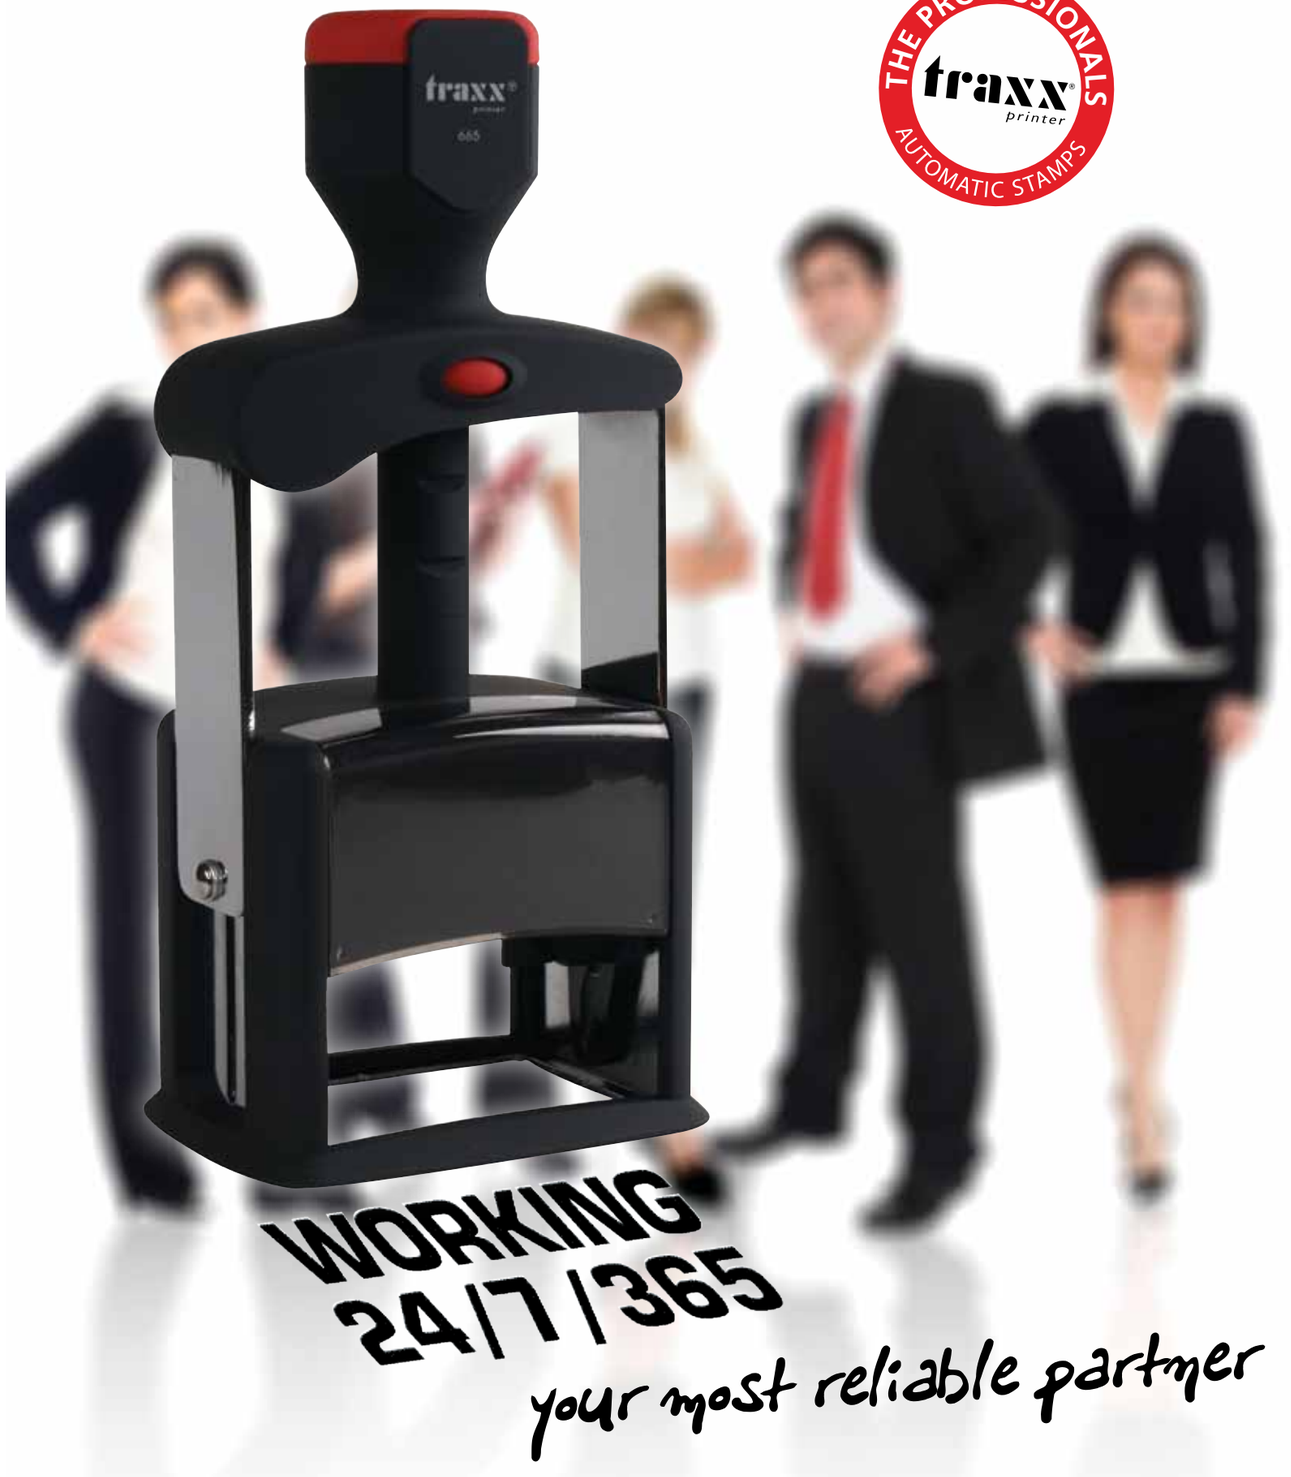
THE PROFESSIONALS traxx printer AUTOMATIC STAMPS



Self-inking

heavy duty stamps

The Silver Line metal self-inking stamps are designed for the most discriminating user. They are built tough for heavy day-to-day use in places such as banks, insurance companies, government offices, warehouses, corporate offices and in any application requiring precise, consistent impressions.

These metal self-inking stamps are available in five standard ink colors. In addition, the daters come as standard with a two-color ink pad: Red (date) and Blue (text).

The tops can be personalized with color and logo at an additional charge.
Minimum quantities required.

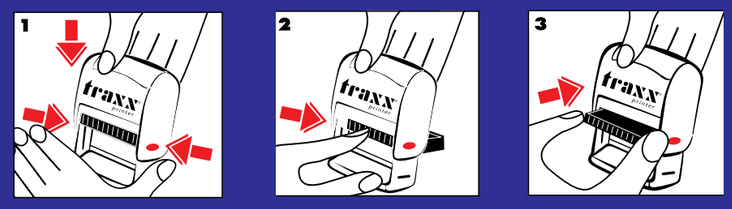
How to Replace the inkpad



BASE FILM
FOR LIQUID PHOTOPOLYMER

> Ideal for stamp production using photopolymeric resin
> Provides great adhesion to the photopolymer

Available sizes:
> 25x35 cm (100 sheets/pack)

Pack	100

POLYESTER SHEETS
FOR LASER PRINTERS

> Polyester laser sheets, suitable for all laser printers
> Offers great transparency and toner adhesion, ideal for producing perfect negatives
> If required, the density of the toner can be improved by using the TRAXX density toner enchancer spray

Available sizes:
> **A4** 21x29,7 cm (100 sheets/pack)

Pack	100

COVER FILM
FOR LIQUID PHOTOPOLYMER

> The TRAXX cover film ensures a safe and easy application
> Very easy to draw off from the exposed polymer

Available sizes:
> 31,5 cm x 180 m

Pack	1

DAMMING TAPE
FOR LIQUID PHOTOPOLYMER

> Provides a dam to keep the liquid photopolymer in place over the base film and the negative
> Available in 250m rolls (each roll consists of 10x25m rolls)

Available sizes:
> Roll 250 m | Thickness 2,4 mm

Pack	1

TONER ENHANCER
TONER DENSITY ENHANCER SPRAY

> Toner density enhancer for better results. Use to enhance the density of the toner on TRAXX polyester laser sheets
> Ozone friendly

Available sizes:
> Spray 450 ml (12 pcs/pack)

Pack	12

POLY BW50-55
FAST LIQUID PHOTOPOLYMER

> Liquid photopolymer for fast text plate production
> Ideal for text plate production with larger characters
> 50 hardness shore A
> Viscocity: 26,000 cps
> Color: Light Green, Light Red

Available sizes:
> Bottle 1 Kg (12 pcs/pack)
> Bottle 2 Kg (6 pcs/pack)

Pack	12x1Kg / 6x2Kg

POLYMER LG55
HIGH DETAIL LIQUID PHOTOPOLYMER

> Ideal for the production of stamps with detailed characters
> 50 to 55 hardness shore A
> Viscocity: 26,000 cps
> Color: Light Gree

Available sizes:
> Bottle 1 Kg (12pcs/pack)
> Bottle 2 Kg (6 pcs/pack)

Pack	12x1Kg / 6x2Kg

POLYGEL
POLYGEL PLATE FOR FAST STAMP PRODUCTION

> Liquid photopolymer in gel plates
> Fast and simple text plate production procedure
> Base and cover film not required
> Ideal for the production of stamps with detailed characters
> Available colors: Clear

Available sizes:
> **A7** 7,4 x 10,5 cm (10 pcs / pack)

Pack	10

WASHOUT
SOLUTION OR DETERGENT FOR BRUSH WASHING

> Washout solution for brush washing.
> Use to wash liquid photopolymer plates with brushes after initial exposure.
> Available as solution or concentrate

Available sizes:
> **Bottle** 2 Kg (Solution)
> **Bottle** 2 Kg (Concentrate)

Pack	6x2Kg

POST EXPOSURE
SALTS FOR POST EXPOSURE

> To be used in the post exposure phase for the production of water washable rubber stamps using liquid photopolymeric resin.
> The use of post exposure salts shortens the post exposure time, expanding the life-time of UV-bulbs.
> Dilution ratio: 40 gr. / 2 lt. water

Available sizes:
> 500 gr.

Pack	12

STAMP MACHINE
FAST & SIMPLE STAMP PRODUCTION MACHINE

> Stamp production machine for fast & simple stamp production
> Complete kit so you can make your stamps right out of the box
> Ideal for bookstores, personal use and for the stamp maker.
> Kit includes:

- TRAXX Stamp Machine (includes 4 UV lamps)
- Stopwatch - timer
- Glasses with magnetic clamp
- Clear plastic tray
- Polyerster sheets A4 for printing (for laser printers)
